

ANNEX S**CHAPTER 1
SECTION 4****ENTRY CLEARANCE****ENTRY CLEARANCE FOR THE CHANNEL ISLANDS AND ISLE OF MAN****1. ISSUE OF ENTRY CLEARANCE**

Entry clearances for the Isle of Man, Jersey and Guernsey are issued on their behalf by the United Kingdom issuing posts abroad. The Channel Islands and the Isle of Man authorities have yet to adopt the flexibility provisions under the Immigration (Leave to Enter or Remain) Order 2000 therefore the entry clearances issued on behalf of the Islands and Isle of Man do not have effect as leave to enter. Upon arrival in the United Kingdom passengers travelling to the Channel Island or the Isle of Man will be subject to an interview with an immigration officer and will require leave to enter before they may proceed.

2. REFERRAL OF APPLICATIONS

Applications will not normally be referred if the person is a tourist who only intends a short visit to a hotel on the Islands. All other applications will be referred to the appropriate Island offices. OASIS may sometimes receive these referrals by bag and then forward them to the Island authorities. Where an entry clearance has been granted, it will contain an endorsement denoting the Island in question i.e. GBJ (Jersey), GBG (Guernsey) and GBM (Isle of Man).
